Smarter home energy solutions.

Electrical switchboard upgrade offer.

Protect your home and family.

Due to an increase of electrical appliances in homes today, your old switchboard may not be providing adequate protection.

Offer includes:

> New switchboard upgrade with safety switches and adequate circuit protection.
> Each circuit will be protected by its own individual safety switch.
> Includes safety switch on up to 7 circuits.

$1,100[13]

Ducted heater service.

Energy Safe Victoria recommends you have your ducted heating serviced every two years to ensure it is running at its best.

Service includes:

> Clean out and check of air filter service.
> Assessment of system operation.
> Assessment of duct and attachment conditions.
> Check flow and return.
> Clean burners, unit and fan.

$248[14]

Carbon monoxide alarm.

Carbon Monoxide (CO) is an invisible, odourless, tasteless and non-irritating gas; completely undetectable to your senses. The build up of CO in the blood is called carboxyhemoglobin level and interferes with the body's ability to supply itself with oxygen. Depending on the concentration, CO can kill in minutes. That's why it is important to your safety that your household has a CO alarm.

You could be at risk of CO poisoning from:

> Defective gas appliances.
> Clogged chimneys and flues.
> Running automobiles in garages.

$29.95[15]

Plus postage and handling of $6.95.

Free gas and electricity connections available. Trade sales welcome.

Offers subject to site inspection and available in metropolitan Melbourne until 31 July 2013. Unless otherwise noted product offers include installation and delivery. All offers for product installation must have sufficient access for installation, accessible to power point and a safety switch must be in existence. 1. Assumes external change over and gas connection is within 1m. 2. Assumes replacement of existing inbuilt unit with same size steel flue in same location. 3. Includes standard flue kit suitable for single storey homes, additional charge for additional materials if required. Roof construction cannot exceed 26 degrees and must be of sound construction. Must be within 1m of adequate gas supply. Offer does not include base for unit to be mounted on if required by regulation or manufacturer specification. 4. Assumes installation of masonry fireplace with existing gas cowl in chimney, with adequate gas supply. 5. Includes direct flue kit for external installation through single brick or weatherboard construction wall. Must be within 1m of adequate gas supply. 6. Assumes indoor unit is installed within 15m of outdoor unit in a single storey dwelling with sufficient roof space. Price quoted for up to 6 outlets. 7. Applicable to single storey houses only. Pipe work between indoor and outdoor units not to exceed 3m. Includes up to 20m of electrical wiring to switchboard. Price does not include upgrades or modifications to switchboards. 8. Price quoted is for external unit. Assumes adequate power and gas supply within 4m of gas pipe and sufficient access for installation. Installation in the floor of a residential property. 9. Price quoted is based on external change over. Existing gas line must be within 1m of unit. Ducting must be in suitable condition. If additional materials required will incur extra cost. 10. Assumes replacement of existing external gas continuous flow system (Rinnai 26 or Aquamax 26) in same location with adequate gas supply. 11. Assumes replacement of existing external gas hot water system in same location with adequate gas supply. Any pipe alterations incur extra cost. 12. Based on a standard installation in a single storey dwelling with a pitched roof when replacing an existing gas hot water system. Assumes replacement in same location with adequate gas supply. Frost tolerant panels available at additional cost. Rebates consist of small-scale technology certificates (STCs) and Victorian Energy Efficiency Certificate values (VEECs). STCs and VEECs are not set by AGL and may change over time. Rebates available until 31 May 2013. 13. Switchboard upgrade which will include new safety board enclosure with circuit protection and safety switch on every circuit up to 7 circuits. Also includes inspection fees and certificate of electrical safety. 14. Heating system must be in working order. Check only, no parts or labour for service or repair included in the price. 15. Purchase only of CO alarm. Postage and handling fee $6.95 applies for each unit purchased. * Eftpos gift card offer available from Rinnai.
